

Doll adult AI will go on sale in 2017 (video)

The retail price of the dolls will be about 10 thousand dollars. Realistic sex doll from the RealDoll which will have artificial intelligence will go on sale in 2017. In an interview with the American edition of the New York Times said an employee of the manufacturer Abyss Creations Matt Macmullen. On published videos Macmullen communicates with a prototype sex robot. For example, the doll responded to a question the inventor about their dreams. I have a lot of desires. I want to become a real person with a real body. I want to know what love is. I hope to become the world's first sex robot, she said. It is noted that the retail price of the dolls will be about 10 thousand dollars. The American company Abyss Creations began producing realistic silicone sex dolls with movable limbs in the middle of 1990-ies. Their skeleton is created from high strength aluminum. The most inexpensive model costs 65 thousand dollars. As of 2010 the world has sold more than 4 million dolls. Currently, in addition to U.S. offices of the company operate in several countries. Journalists found out why Chinese men addicted to dolls for adults In the US, released a sex doll of Anna Chapman Australian rescuers pulled from the river splavlyaya on sex dolls
