

Selling sex dolls with artificial intelligence will start in 2017

The retail price of the dolls will be about 10 thousand dollars. The American company Abyss Creations will launch realistic sex dolls with artificial intelligence in 2017, reports Lenta.ru. Doll with artificial intelligence may lead the discussion to Express love and adoration to his master and to be touched. Employee Matt Macmillan reported that the retail price of a doll from the RealDoll will be about 10 thousand dollars. In the video published by The New York Times Macmillan communicates with a prototype sex robot. During the conversation, the doll answers the question the inventor about their dreams. I have a lot of desires. I want to become a real person with a real body. I want to know what love is. I hope to become the world's first sex robot, she says. The company Abyss Creation started to produce a lifelike silicone sex doll with movable limbs in the middle of 1990-ies. Skeleton dolls created from high strength aluminum. The most inexpensive model costs 65 thousand dollars. For 20 years, the world has sold more than 4000 of these dolls. Comments 0
